

## Achievements in 2015

### Silver Medal ITEX 2015

Silver Medal of 26th International Invention, Innovation & Technology Exhibition ITEX 2015 for Mobile Inspection Platform MPI.

The solution was developed in cooperation between the Institute of Innovative Technologies EMAG and Industrial Research Institute for Automation and Measurements PIAP.

*Kuala Lumpur, Malaysia, 21-23 May 2015 r.*

### Gold Medal ARCHIMEDES 2015

Gold Medal of the 18th Moscow International Inventions and Innovative Technology Salon ARCHIMEDES 2015 for Mobile Inspection Platform MPI.

The solution was developed in cooperation between the Institute of Innovative Technologies EMAG and Industrial Research Institute for Automation and Measurements PIAP.

*Moscow, 2-5 April 2015 r.*

### Silver Medal Geneva Inventions 2015

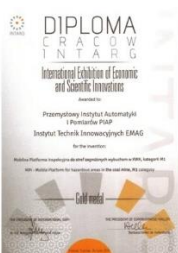

Silver Medal of the International Exhibition of Invention Geneva Inventions 2015 for Mobile Inspection Platform MPI.

The solution was developed in cooperation between the Institute of Innovative Technologies EMAG and Industrial Research Institute for Automation and Measurements PIAP.

*Geneva, 17 April 2015 r.*

### Gold Medal INTARG 2015

Gold Medal of the International Fairs of Economic and Scientific Innovations INTARG 2015 for Mobile Inspection Platform MPI.

The solution was developed in cooperation between the Institute of Innovative Technologies EMAG and Industrial Research Institute for Automation and Measurements PIAP.

*Kraków, 25-26 June 2015 r.*

### Gold Medal Brussels Innova 2015

Gold Medal of the 64th. "BRUSSELS INNOVA 2015" fair for The Digital Vibrations Recorder – portable autonomous tremors and explosions recorder PANTERA.

*Brussels, 19 November 2015 r.*

### Silver Laurels of Innovation

Silver Laurels of Innovation in Stanislaw Staszic Competition 2015 for the best innovative products for the intrinsically safe System X-MAN.

*Warsaw, 25 November 2015 r.*

### Silver Medal IENA 2015

Silver Medal of International Trade Fair "Ideas Inventions New Products" – IENA 2015 for Digital Vibrations Recorder – Portable Autonomous Detonation Analyzer PANTERA.

*Norymberg, 31 October 2015 r.*

### Bronze Medal IWIS 2015

Bronze Medal of the International Warsaw Invention Show IWIS 2015 granted to Mobile Inspection Platform MPI.

The solution was developed in cooperation between the Institute of Innovative Technologies EMAG and Industrial Research Institute for Automation and Measurements PIAP.

*Warsaw, 12-14 October 2015 r.*

### The special award of the Marshall of the Silesia Region in the Innowator Śląska contest (INNOSILESIA)

The special award of the Marshall of the Silesia Region in the Innowator Śląska contest granted to the Institute of Innovative Technologies EMAG for its high level of innovations, the X-MAN system and long-time contribution to the development of innovations.

*Chorzów, 16 September 2015 r.*

### The 1st prize award in the Innowator Śląska 2014 contest

The 1st prize award in the Innowator Śląska 2014 contest in the "research and develop" category granted to the Institute of Innovative Technologies EMAG for the intrinsically safe system X-MAN.

*Chorzów, 16 September 2015 r.*

### Award in the “Marka Śląskie” contest

Award in the “Marka Śląskie” contest in the "science" category granted to the Institute of Innovative Technologies EMAG.

*Katowice, 5 September 2015 r.*

### Medal of 2nd degree

Medal of 2nd degree, in the "safety improvement" category at the contest of innovative Solutions in Development of Mining Machiner and Devices (which accompanied International Fair of Mining, Power Industry and Metallurgy Katowice 2015) granted to the intrinsically safe system X-MAN for monitoring and analyzing parameters in the mining longwall area.

*Katowice, 8 September 2015 r.*

### Medal of 3rd degree

Medal of 3rd degree, in the "innovative technologies" category at the contest of innovative Solutions in Development of Mining Machiner and Devices (which accompanied International Fair of Mining, Power Industry and Metallurgy Katowice 2015) granted to the autonomous control and measurement set AZRP.

*Katowice, 8 September 2015 r.*

### Gold Medal INTARG 2015

Gold Medal for system for identification and traceability of explosives – TRYTON won at International Fairs of Economic and Scientific Innovations INTARG.

*Kraków, 25-26 June 2015 r.*

### Silver Medal INTARG 2015

Silver Medal for Digital Vibrations Recorder – Portable Autonomous Detonation Analyzer PANTERA won at International Fairs of Economic and Scientific Innovations INTARG.

*Kraków, 25-26 June 2015 r.*

### The Super Innovator 2015 Award

The Super Innovator 2015 Award granted by the University of Dąbrowa Górnicza for creating modern devices and conducted scientific research in the field of: energyelectronic systems and technologies, automation, system monitoring, applied IT and industrial metrology.

*Dąbrowa Górnicza, 21 May 2015 r.*

### Gold Medal ARCHIMEDES 2015

Gold Medal of the 18th Moscow International Inventions and Innovative Technology Salon "ARCHIMEDES" for the X-MAN system

*2-5 April 2015 r.*

### The Laurels of Innovation

The Laurels of Innovation award for information security. The award was granted by the National Association for Protection of Confidential Information and Association for National Security Support.

*Zakopane, 18 March 2015 r.*

### International Invention Achievements Award

International Invention Achievements Award granted at XXII Exhibition of Inventions.

*Warsaw, 17 February 2015 r.*

### Statue "Pyramid of Solidity"

Statue "Pyramid of Solidity" granted to Piotr Wojtas, D Sc., director of the Institute of Innovative Technologies EMAG for outstanding contribution to mine safety improvement and development of the EMAG Institute.

*Warsaw, 13 February 2015 r.*

### Solid Company 2014

*Warsaw, 13 February 2015 r.*
